THE MIRACLE

HIGH & MIGHTY

Though I was born in America, I've been blessed to travel the world by air, land, ocean and sea. I love to embrace other cultures. No matter where I go, I see clear evidence of God, the **High & Mighty**, in every thing and person He created. Regardless of ethnicity and background, music is a language that brings us together. This collection is inspired by my journeys across the globe, life experiences and future dreams. Wherever you happen to be in the world and in life, I pray these songs of refuge and comfort feed your soul.
